Stippling (grip enhancement)

By: Hand or Laser (circle one)

Pattern: _____

Additional notes: _____

Framework (frame enhancement)

- ☐ **Single Undercut** Provides a place for your middle finger on your primary hand to rest and helps prevent callouses
- ☐ **Double Undercut**
- ☐ **Thumb Paddle** Help you control the front of the muzzle. Enhancing accuracy.
- ☐ **Index Point** Where your shooting finger should rest when you are not actively shooting.
- ☐ **Remove Finger Grooves**
- ☐ **Enhanced Trigger Well** Opens up the trigger well for better access to the trigger for those with large hands/fingers
- ☐ **Magazine Release Bevel** Easier access to the magazine release.
- ☐ **Short/Deep Clean** Have your weapon cleaned internally and polished externally.

Additional notes: _____
